

Dear Customers

Kosmek Ltd.

## Announcement of Sales Launching of New Speed Control Valve (Model BZL)

To Whom It May Concern, wish you all the best in your business.

Thank you very much for all the support to us.

We hereby announce to start sales of new-type speed control valve (model **BZL**) which features easier fine flow adjustment in order to meet the customer's demand.

The former model **BZ** can be replaced by the new model **BZL** for sales.

Thanks for your understanding that the sales of the former model **BZ** will end when the existing **BZ** stock runs out.

Please do not hesitate to contact our sales person in case that the replacement by the new model **BZL** is difficult situation, or the former model **BZ** is necessary due to emergency.

It will be much appreciated if you order our new model **BZL** speed control valve.

Best regards

### Notes

#### 1. On modification of model indication

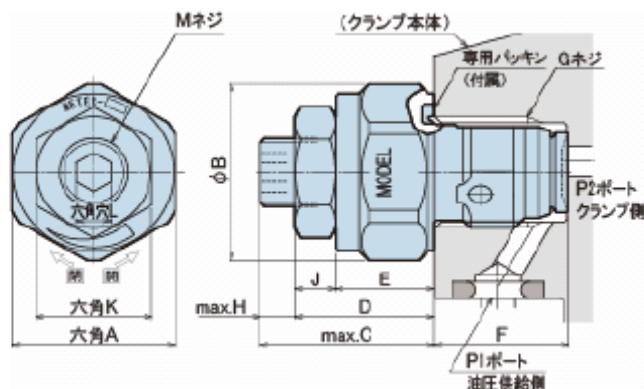

Meter in type    BZA0□0    ⇒    **BZL0□00-A**

Meter out type    BZB0□0    ⇒    **BZL0□00-B**

#### 2. On compatibility with regard to dimensions and installation

All types are compatible with each other for installation.

However, as the protrusion from the mounted cylinder surface is increased by 4.5mm, please take special care with regard to interference.

\* max.C/D/E/max.H sizes are added.

\* Refer to the catalogue for the details of specifications.

#### 3. Replacement time

The sales of the new type for replacement starts from October 30 2008.

For details or unclear points, please refer to our catalogue, website (<http://www.kosmek.co.jp>), or contact our sales personnel.

Thanks
