

Notice of auto coupler Model No. update

Dear Valued Customers,

We would like to express our gratitude to you for your continued prosperity.

We would like to express our sincere gratitude for your continued patronage.

By the way, we would like to inform you of the following regarding the subject matter.

Thank you for your understanding.

Notes

Due to the change in material, the design number of below products will be updated.

1. Model No.

Current Model No.	Model No. after change	Current Model No.	Model No. after change
JNA□□0	JNA□□1	JVA□□□0※ ¹	JVA□□□1
JNB□□0	JNB□□1	JVB□□□0※ ¹	JVB□□□1

JTD□□□0	JTD□□□1	JWD□□□0	JWD□□□1

※ For details, please refer to the attached "List of model changes".

※1. There is no update for JVA0100 and JVB0100.

2. About compatibility and changes

There is no change in the outer dimensions and mounting dimensions, so they are compatible.

Since the material has changed to only stainless steel, the color of outside appearance is different.

(A part of the material of JTC/JTD is steel.) The sealing material is unified to fluorine rubber.

Even if the male and female sides of the coupler are different between the old and new type, it can still be connected and used as before.

3. Date change

It will be updated from the products that are shipped after March 1, 2022.

※ The time may vary depending on the model.

In addition, please note that depending on the quantity ordered, we may ask you to cooperate in changing the model in advance.

If you would like to confirm the details of the changes, please contact our sales members.

Yours Sincerely
Kosmek LTD.
